

Camp Kintail

May 15, 2020

Dear registered LITs, potential LITs, and LIT families,

Today we announced the difficult decision to cancel all on-site summer programs at Camp Kintail. For those of you planning to do the LIT program this summer, I know that this is a huge disappointment. Throughout the whole decision-making process, we have been thinking about the LITs and what this will mean for them.

Many LITs look forward to their month at camp for years beforehand. This month includes a lot of time at camp, awesome resource counsellors, new responsibilities, learning that will impact a lifetime, great friendships, a nature name, and so much more. At the moment, we know that we can not provide all of that, but we are working on ways to provide as much of the content and community on-line as possible. We are still in the very beginning phases of this planning, but know that it is coming.

Our commitment to you is that you is that we will work hard to ensure that you have a staff t-shirt on opening day of 2021. You are the future of Kintail, and we are going to find ways to develop your leadership and camp counsellor skills throughout this summer and into this year. A large part of leadership is responding to and leading in unexpected situations. LIT this year won't look the same but we are still looking forward to learning and growing together this summer.

Please stay tuned for details!

Peace,
Rev. Theresa "Trillium" McDonald-Lee & Johnathon Lee
Executive Director
