

CAMP KINTAIL COVID-19 UPDATE

Dear friends,

We are grateful that we were able to welcome so many to Camp Kintail in 2021 through day camp, A Week/End Away retreats, Crafters' Retreats, weddings, Sunday Night Suppers, and retreats. Thank you for helping to keep everyone safe by wearing masks, getting vaccinated, and physically distancing.

At this time, we continue to follow all regulations set out by Huron Perth Public Health, the Ontario government, and the Ontario Camps Association. Currently, this means that we require proof of vaccination for indoor dining. We continue to do contact tracing whenever someone comes on site.

As we approach the summer, we are planning on holding overnight camp sessions again. At this time, we do not know what the regulations will be regarding vaccination, cohorting, or masking for staff or campers. We will be following the recommendations from Public Health to keep all our campers, staff, and guests safe and healthy.

We look forward to seeing everyone back at Camp Kintail in the new year.

In hope,

Rev. Theresa McDonald-Lee & Johnathon Lee
Executive Directors
